Line 330 -

Frontier works to satisfy all service requests, but not every initiated order is ultimately fulfilled. There are occasions when broadband service cannot be installed at the requesting address location due to reasons such as distance, capacity, and equipment incompatibility. In those cases, Frontier will review whether it can provide broadband service from other access points or utilize available equipment. If Frontier's review is unsuccessful, then the order is cancelled and the customer is notified.

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection:

The Frontier ILEC companies certify that they comply with applicable state and FCC service quality standards. Service quality metrics are monitored and reported on a monthly basis.

Frontier has implemented numerous Consumer Protection measures to protect customer information from improper use and disclosure as well as to protect against fraud. For example, Frontier has implemented Customer Proprietary Network Information (policies and procedures) that are consistent with the FCC's regulations. Frontier regularly trains employees who have access to CPNI on the rules and our procedures for securing accounts and authenticating callers. Frontier also has a comprehensive Identity Theft Protection Program (or Red Flag program) which is consistent with the FTC's guidance on measures to detect and prevent identity theft. All employees are trained on Frontier's Code of Business Conduct and Ethics, which requires employees to protect sensitive customer information from improper use and disclosure. Frontier also has a Data Privacy and Security policy which applies to all employees. Further, Frontier also has implemented a strict third-party qualification protocol to prevent unauthorized charges ("Cramming") from appearing on customer's bills. Frontier also follows a "First Call" resolution policy, which aims to resolve customer complaints about unauthorized charges in one call, without referral to any third party. In addition to the foregoing, Frontier, has implemented customary IT security measures to protect our network and customer information.

Frontier certifies compliance with North Carolina state consumer protection rules; North Carolina Chapter 12 and Chapter 62.

The North Carolina state consumer protection rules are available at:

**Row 610 - Description of Functionality in Emergency Situations**

In December 2013, the FCC adopted new rules to promote 911 resiliency, including requesting initial certification of substantial progress towards meeting these new requirements by October 15, 2015. *See Improving 911 Reliability; Reliability and Continuity of Communications Networks, Including Broadband Technologies*, 28 FCC Rcd 17476 (2013); *see also Public Safety and Homeland Security Bureau Announces Effective Dates of 911 Reliability Certification and PSAP Outage Notification Requirements*, Public Notice, 29 FCC Rcd 13900 (2014). On October 15, 2015, Frontier filed its certification that it is meeting the FCC's substantial progress goals. Specifically, Frontier met and certified to all of the requirements related to back-up power, circuit auditing, and network monitoring practices. Additionally, Frontier's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations.

### S1.1 Lifeline Service

#### S1.1.1 General

- a. The North Carolina Utilities Commission in Docket No. P-100, Sub 133(f), expanded the credits for Lifeline customers in conjunction with the FCC Lifeline program adopted in FCC Order No. 96-45 dated May 8, 1997. This credit is applied to the local service portion of the monthly telephone bill for qualified residential customers.
- b. In order to qualify for Lifeline Service the residential customer must be a current recipient of one or more of the following programs:

Work First or Temporary Assistance for Needy Families (TANF)  
Supplemental Security Income (SSI)  
Supplemental Nutrition Assistance Program (SNAP) formerly Food Stamps  
Medicaid  
Low Income Home Assistance program(LIHEAP)  
Federal Public Housing Assistance (Section 8)  
National School's Free Lunch Program  
Or be at or below 135% of the Federal Poverty Guidelines

Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for Lifeline Service. The Lifeline credit will not be established until proof of eligibility has been received by the Company. If the customer requests installation prior to the Company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

- c. The Federal funding for Lifeline Service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis.
